It seems that Summer is finally here! The weather is getting warmer, school buses are becoming a rare sight, baseball season is in full swing, and vacations are picking up. With the increase of vacations, we want to encourage all of our members to be careful of fraud during peak travel and vacation season. A couple key tips we want to emphasize to all members include:

1. Be extra cautious if you are booking a vacation online; make sure that you are booking from a legitimate travel site. Don't be fooled by fraudulent sites and scams that are trying to get your payment information.

2. If you accidentally lose your HealthCare First Credit Union debit or credit card when traveling or if they get stolen, please call the proper phone number immediately to report it. The number for a lost or stolen HealthCare First Debit MasterCard is (800) 523-4175, and the number for a lost or stolen HealthCare First VISA Card is (800) 991-4961.

3. If you are traveling this summer, please let us know so that we can be sure your debit card will not be blocked when you want or need to use it. Cards are blocked for the financial safety of our members to ensure that somebody else is not using your card. We appreciate the patience and cooperation of all of our members during travel time.

We want to encourage our members to use this information throughout the year, but especially during peak vacation time.

Offer Available until June 30th!
